Tomorrow's Answers Today

aeroFiNE

The entire Aerofine product range is designed specifically to meet the stringent FST regulations. Aerofine products offer reliable performance at a fair price for the maintenance and refurbishment of cabin internal surfaces.

Aerofine Topcoat

This one-component fast drying waterborne topcoat is ideally suited for upgrading cabin interiors. The topcoat provides the best combination for optimal flexibility and durability with the lowest risk to health. The low level of VOC and smell make Aerofine the preferred product for in-situ application. Aerofine is easy to apply and provides a durable stain and mar resistant topcoat with excellent cleanability. Aerofine offers the industries' widest selection of color options in matt and semi-gloss sheen levels.

Aerofine Sanding Surfacer

Designed for most common substrates in aircraft cabin interiors, this one-component fast drying waterborne sanding surfacer uses the latest resin technology and sets the standard for minimum process times, reduced process cycle costs and environmental care. Aerofine sanding surfacer is easy to sand, gives improved adhesion and provides the ultimate smooth finish, ready for painting.

Aerofine Pinhole Filler

With fast curing at ambient conditions, this low VOC, shrinkage free, one-component pinhole filler is excellent for filling pinholes and scratches. Aerofine pinhole filler is compatible with a wide range of composite substrates and most commonly used aircraft interior materials. Easy application (wipe on/ wipe off) leads to improved process times and quicker production throughput.

Aerofine cabin interior paint systems

Paint system for untreated surfaces with imperfections:

Paint system for aged surfaces with imperfections:

Paint system for operator customization:

Features of the Aerofine range

- Low solvent, waterborne coating system
- Meets stringent FST regulations FAR 25.853, JAR 25.853 (OSU 65/65)
- Supports your sustainability commitment
- Quick drying with low odor
- Excellent hardness
- Easy to clean
- Mix2Win instant color availability

The circle of saving paint, time and money

- A Save money
- B Make less
- C No waste
- D Reduce stock
- E Save time
- F Control costs
